Welcome New Members!

Welcome to all our new members, many of whom have graduated from WFTO-Asia regional membership. Note that alignment was completed in 2014 and all members of WFTO-Asia are now members of WFTO at a global level (or no longer members). And welcome back to returning member, *International Resources for Fair Trade*.

WFTO-Asia is planning to expand in countries where there are no members or not enough for a network. In short, WFTO Asia is working towards a broader and more stable network for Fair Trade Organizations, by closely working together with existing members and encouraging new members to join WFTO.
